§8. Discussion points

Science Evening

Science Evening on Zoom worked well, especially with the fika coupons. It was nice to have presentations from people at the beginning of their career. There should be a focus on the career rather than specific research, and presentations about research should be “easy” enough for students from all terms to understand.

§9. Other

Graduation ceremonies

There are some issues about how to make sure that Master’s students who have not fulfilled requirements due to the pandemic will be able to graduate. Currently looking for places to host the ceremonies, and planning according to a 50 person limit. Planning is being done together with the LogAud programs.

§10. Chairman declares the meeting closed.

Cornelia Börjesson Freitag declared the meeting closed.
