Notes from course leader kick-off meeting:

The kick-off meeting included a discussion of QPS and Ortrac along with information on class size and structure.

§8. Discussion

Discussion on Upcoming meeting with the program board:

Desired outcomes of the upcoming meeting were discussed, including better communication pathways between the board and BUR and more effective teamwork between them. We will discuss BUR's role and changes to increase efficiency and understanding. Sometimes students do not receive adequate response from the program board. More dedicated time in the Board's bi-weekly meetings to discuss the actions of BUR and the Board would be beneficial. The meeting will probably occur in late October.

Grading System Survey Discussion:

Summary of the meeting with directors

Three main discussion points:

1. It was discussed whether teachers and examiners have enough info for unbiased evaluation based on the rubrics.
2. The method to appeal for a new grade was covered with a focus on distributing this information to students.
3. It was important that teachers and students know what is required to receive VG and G. There is not a consistent practice within the department and this will need to be improved.

BUR Discussion Points:

Standardization is the most important aspect for the new grading system. The benefits for international students are enough to merit the new grading system; however, the system will need to be clarified. Teachers should be taught how to use the rubrics and grade accordingly. Grading final exams with VG was deemed difficult as a curve may be needed.

Schedule for BUR meetings this semester:

StyrBur 21/10 at 12:15

StorBur 4/11 at 17:15

StyrBur 01/12 at 17:15

StorBur 16/12 at 17:15

The following dates are preliminary for group activities:

Hike – 10/10
Game night – 3/11
Christmas baking/pyssel 12/12
Science evening – February

The agenda for StorBur on 30/9/2021 was decided as follows:

1. Introduction of Styrelse
2. Course Representative Education (Cornelia)
3. Reports
4. Present the evaluation of the grades

§9. Other

The meeting with MF board needs to be planned, with the idea that all members of BUR and the board will attend. It will be decided how and when to contact everyone.

A potential sitting with other programs under USU may be planned, but we will need to check how many seats are available for each program.

More student representatives for QPS work are needed so this information will be relayed to the students.

A Master's session on future prospects was carried out and most students chose to continue in academia. This was due to a lack of opportunities in industry, which can be remedied with earlier information next year.

The students' rights lecture was covered and one point of discussion will be motivation behind the grades they receive.

The program board suggested that in the future student counsel members could receive a certificate indicating their work for the student body.

**§10. Chairperson
